

TECHNICAL TRAINING SHEET

SELF-EMPLOYED ENTREPRENEUR: FROM CARD REGISTRATION TO IMPORTING FROM ABROAD

Field	Entrepreneurship, Business & Importing
Duration	12 training hours
Training Format	Blended format (In-person & Online)
Certificate	Recognized Training Certificate

Target Audience

Individuals wishing to establish an activity as self-employed entrepreneurs, project owners, aspiring entrepreneurs, and anyone interested in understanding the practical process of importing goods from abroad.

Overall Objective

To provide participants with a practical understanding of the self-employed entrepreneur pathway, from registration and obtaining the self-employed card to the main procedures and stages involved in importing from abroad.

Training Modules

- Understanding the self-employed entrepreneur status and the regulatory framework.
- Registration requirements and procedures.
- Steps for obtaining the self-employed entrepreneur card.
- Selecting an appropriate activity and conducting it lawfully.
- Main obligations and administrative procedures related to the activity.
- Introduction to importing from abroad.
- Selecting and dealing with international suppliers.
- Main stages and procedures of an import transaction.
- Required documents and customs procedures.
- International shipping and transportation.
- Key considerations before carrying out an import operation.

Training Methodology

A practical training approach combining theoretical foundations with applied learning, with emphasis on procedures, documentation, and the practical stages of establishing the activity and carrying out an import operation.
